**and**

**is in service for terrorism**

- NCRI was founded by MKO
- NCRI is totally dependent to MKO
- NCRI does not have any possibility to survive without MKO s support
- NCRI just performs parts of MKO`s plans.
- NCRI is a mask on MKO`s face.

The MKO's penchant for aliases has created some confusion. The group's original persian name, the Sazeman-e Mojahedin-e Khalq-e Iran, has been shortened and translated into several commonly-used monikers: The Mojahedin-e Khalq, the Mojahedin, the MKO, the M k, the people's Mojahedin of Iran, and the PMOI. Currently, the group favors the "PMOI" appellation.

The Mojanedin's deliberate use of the name of the National Council of Resistance of Iran (NCR) also is misleading. Once a bona fide coalition, the Council disintegrated in the 1980s, when many of the resistance groups that had joined in 1981 left the organization because of their objections to Rajave's dictatorial methods and his unilateral decision to ally with Iraq. The most devastating ruptures occurred in 1984, when former president Bani Sadr withdrew from the Council, and again in 1985, when the Kurdish Democratic Party of Iran (KDP-I) withdrew its membership (the Kurdish organization formally ratified its decision in 1986). These two withdrawals, and their motivating factors, prompted a mass exodus and discouraged new membership. Other opposition groups which never became part of the NCR and with whom the NCR refuses to associate with include: the monarchists, notably the Iranian Constitutionalists and the Flag of Freedom Organization of Iran; and the main factions of the People's Fedayeen Guerrillas. The National Democratic Front, a leftist group that formed a ter the revolution, has remained a part of the Council, however. The "Revolutionary Leadership," a splinter group of the KDP-I, also has become a member.

Rajavi's authoritarian style rendered the NCR incapable of becoming a truly democratic and representative council. Bani

Mixedness of names and single rule of active individuals under these names ( NCRI, NLA, MEK, MKO, PMOI and...) makes separation and detachment of these names impossible.

Mehdi Khanbaba Tehrani, a former and seperated member of NCRI

says:

Rajavi transformed NCRI to an appendix of MKO...

Rajavi said that "we pay money and blood". Practically the secretariat, of NCRI belonged to Mojahedin Organization and was with their budget. He (Rajavi) had occupied all the implements and relations .....National Council of Resistance (NCRI) belonged to Mojahedin Organization (MKO)

This truth is undeniable that NCRI is just a cover and follower of MKO. In fact, no absolute personality under the title National Council of Resistance exists.

Fereidoon Gilani – writer, reporter and a former member of NCRI has written on page 35 of his book called “ Anatomy of Alamoot Castle” under the title of “ Rajavi`s religious dictatorship in council democracy clothes”:

Members of MKO constitute NCRI`s entirety. 550 individuals of Rajavi`s followers and disciples (MKO members) are injected to NCRI. MKO has tried to deceive some western members of parliament and correspondents.

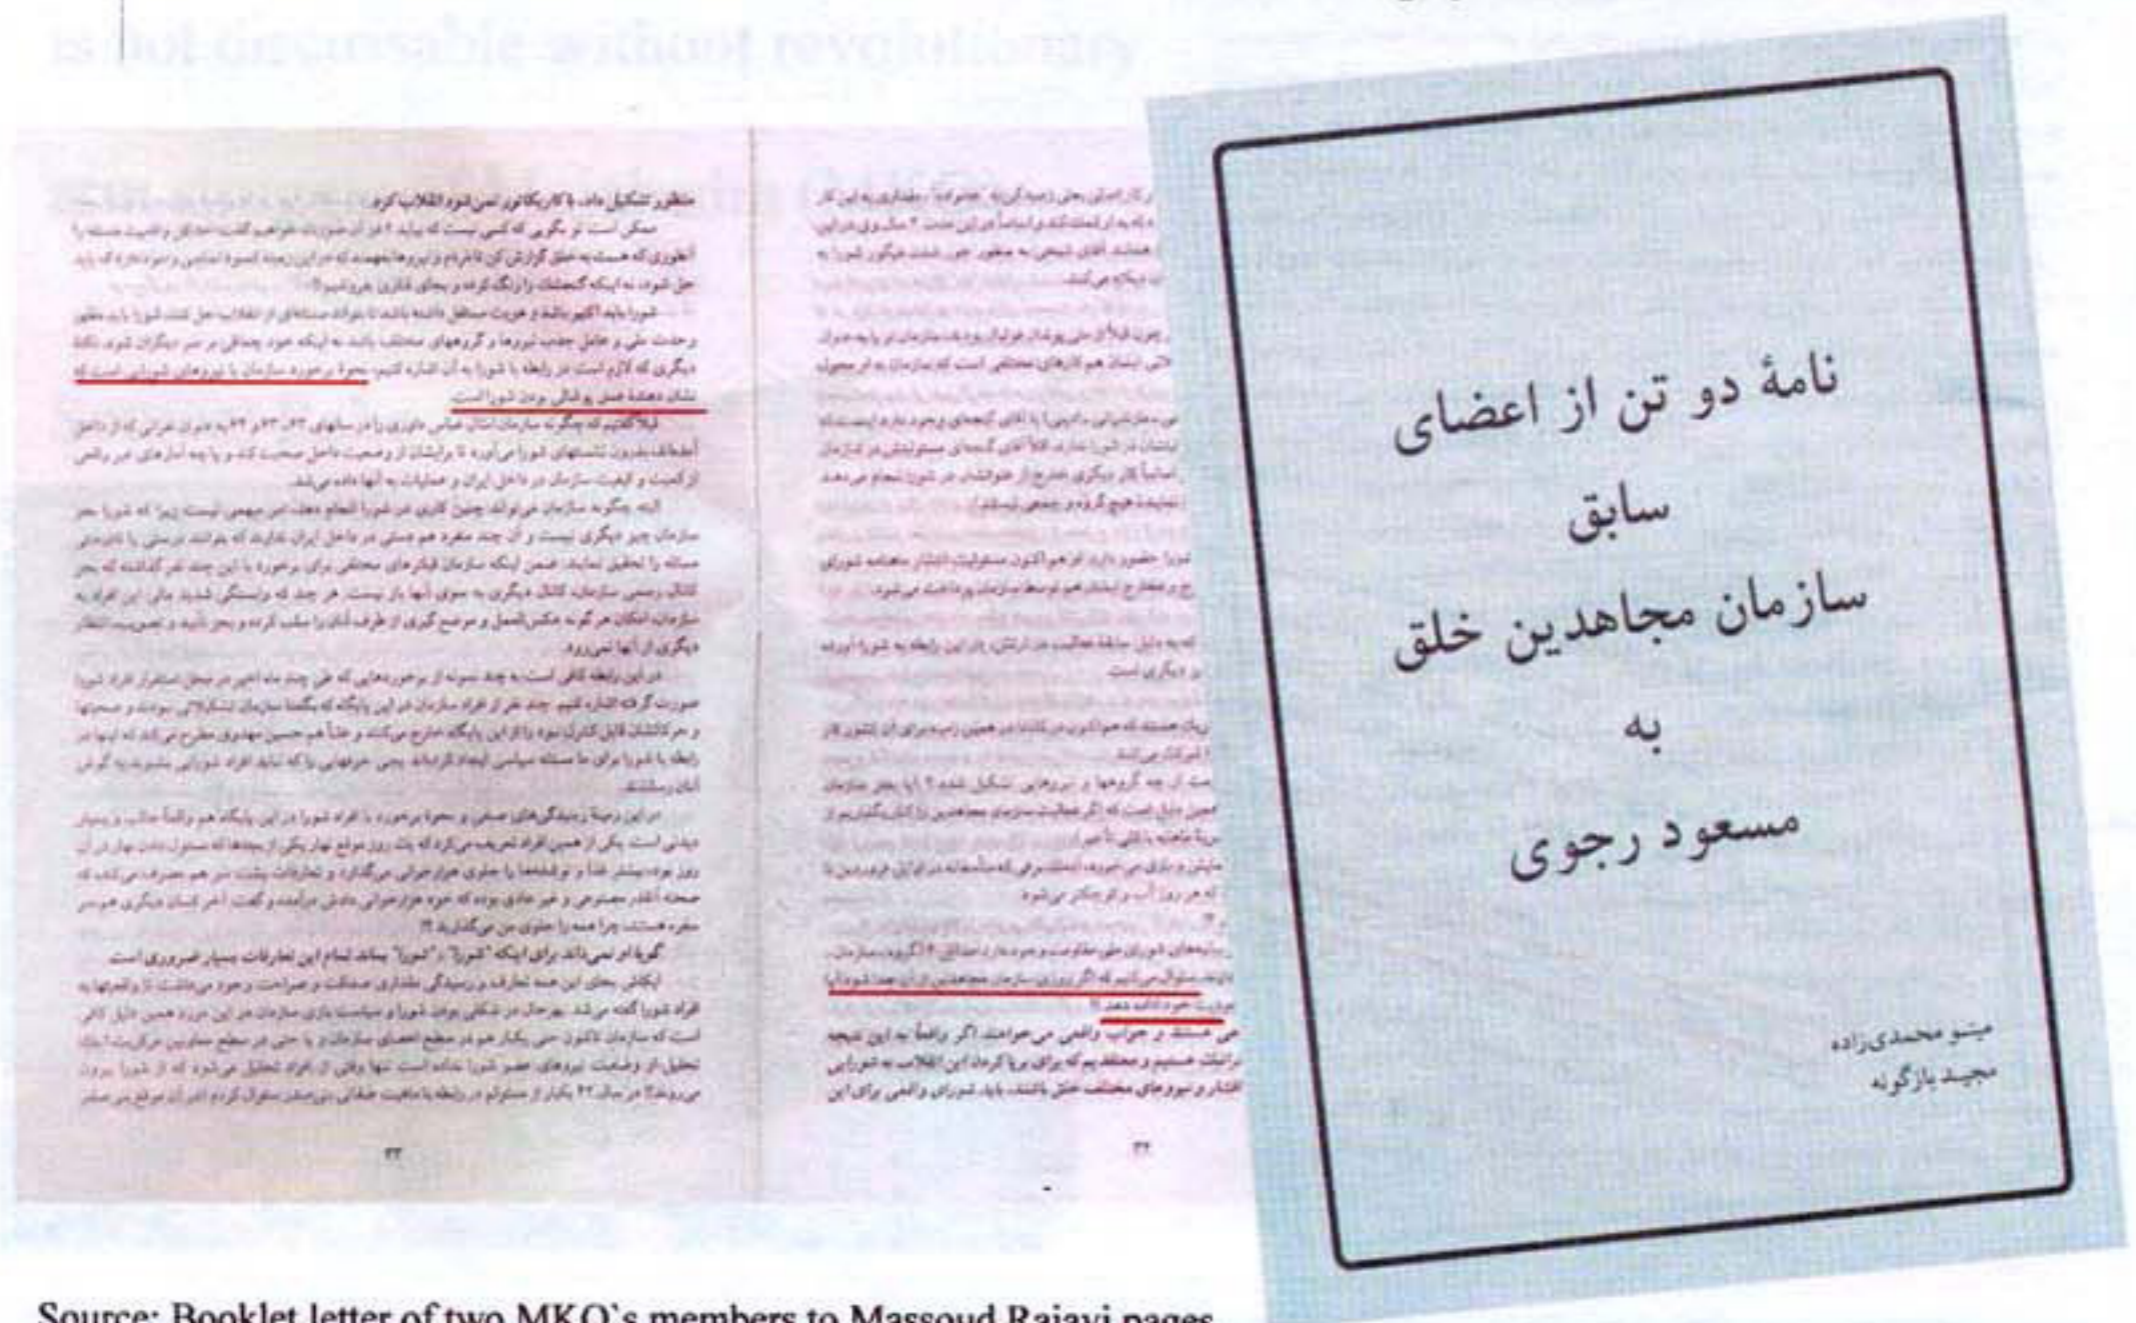

All the former members and organizations of NCRI, emphasize that NCRI is implement and instrument for MKO.

Two important and former members of MKO, “Minoo Mohammadi” & “Majid Bazgouneh” (who have a deep knowledge of NCRI and MKO) have written a letter to Massoud Rajavi (leader of NCRI):

Will NCRI be able to live for a few hours, if Mojahedin Organization gets separated from NCRI? MKO's behavior towards people under NCRI's name indicates that NCRI is deeply baseless.

What separated members of NCRI and MKO disclose indicates that MKO uses different names and covers such as NCRI to reach its targets.

Kazem Bagherzadeh , a member of N C R I who has been killed in a terrorist operation launched against Iranian troops in Iran - Iraq borders, comments on the relationship between MKO and N C R I :

" A fundamental characteristic of N C R I is its organization around MKO."

"N.C.R.I is just one of the components of the galaxy the MKO has established, being itself on the center of the galaxy."

Jalal Ganjehi, a person who has been introduced as a member of NCRI  
 Under the name of representative of Assembly for Defend from  
 Democracy and Independence of Iran (DAD), and speaker of Religions  
 Commission on NCRI has said about the connection between NCRI  
 and MKO's terrorist operations:

National council of Resistance (NCRI)  
 is not discussable without revolutionary  
 arm struggle of Mojahedin (MKO)

نخستین بار فضای همکاریهای ایفقا شورای ملی مقاومت و مناسبات مربوطی شورا ،  
 بلکه در مواضع و برخوردهای ایفقا شورای ملی مقاومت و این که هر یک به سبب  
 خویش چگونه پاسدار ارزشهای مقاومت انقلابی ملت خلق و سرمایه های استقلال  
 صلح و آزادی و حاکمیت ملی در ایران دموکراتیک فردا هستند ، کاملاً چشمگیر  
 است . من هر چند در این جا نمی توانم به تشریح انبوه موارد و نمونه های ایسی  
 مناسبات بپردازم ، ولی می دانم که معنی سخن مرا مخصوصاً کسانی نیست  
 می فهمند که خود در طول این سالها برای منقادی کردن شورا ، بسیار سعی  
 کرده اند و علاوه بر رهبرانشها و جواسیسها و اقدامات غفنی دیگر ، حتی سبب  
 خانه ، این و آن دعوای شورا را فرقه ، و هزار کمد و شانناز معکار گرفته اند . تا بلکه  
 بتوانند حتی بلنبر از این جمع را ، از مسئولیتها و تعهدات مبارزاتی خویش  
 جدا کنند ، ولی همواره جز شکست مفتضحانه نمایی بر رهنمودهای مسئول شورا  
 "جور" شده . این دشمنان پانیماری نسبتاً ائتلاف استوار مقاومت خلق ، همانها  
 هستند که شکست خود در اثر ارتداد اصول گرایان این با آن متحد شورایی را بسا  
 توجیه گفته " غیر دموکراتیک بودن شورا ، و ترزات دیگر ، شکوه می کنند و بعضاً "  
 رسوایی اقداماتشان در معسومات خارج و با روزیاره های رژیم و دیگر استیضاه  
 انقلاب و مقاومت ، تیرا انعکاس می یابد . شاید بتوان گفت که پیوندهای معنوی  
 مورد اشاره از روز نخست و در روزگاران حضور چشمی و خنگان سردارهای دهمه  
 رژیم خمینی و "نیمت" منطوری ، آن چنان که باید رالاشته بود ولی با لاسره  
 بلد حقیقت است ، که اکنون معسورت یکی از "دلایل" وجود و بقا و فعالیت شورا  
 عمل می کند . من در این جا ضمن تأکید بر اهمیت اصولیت و نظوی مبارزاتی  
 یکایک ایفقا شورای ملی مقاومت ، معذور حلقی هم از نقش استثنایی مسعود  
 رجوی ، مسئول شورای ملی مقاومت ، در ایجاد و تقویت این مناسبات و روحیه  
 یاد نکنم زیرا هنگامی که سخن از استحکام شورا آمد ، بدون بیان نقش مسئول  
 شورا ، گوئی که طبع نگفته باشی . در بالا اشاره کرده ام که شورای ملی مقاومت ،  
 بدون مقاومت مسلحانه ، انقلابی و مجاهدین ، قابل بررسی نیست . و در جای خود  
 می دانیم که مقاومت انقلابی و مجاهدین نیز بدون رهبری رجوی ، وجود خارجی  
 ندارد ، ولی من در این جا نمیکنم افزوده بر این می خواهم اشاره کنم . نقش  
 مسعود رجوی در موقع مسئولیت شورای ملی مقاومت محدود به اداره بلد تشکیل  
 برمیخیزد اما سبب و در چارچوب اهداف مشخص و با استفاده از شیوه های کلاسیک  
 مدیریت نیست . مسعود رجوی توانسته است با شکمبایی و بیداری ویژه خویش ،  
 و با بهره گیری انقلابی از وجدانها و مواضع مسئولانه و شرفیانه ایفقا شورای

As it appears from confession type expressions of one of the oldest allies  
 of MKO and a member of NCRI (Jalal Ganjehi) fundamentally there is no  
 entity for NCRI without MKO and terrorist operations which are called  
 "revolutionary arm struggle"
